VIMY RIDGE NOW

IS A GOLF COURSE.

Canadians to Invite Wilson to

Play First Game on the

Historic Links.

WINNIPEG (Man.), April 3.—

Canadians have laid out

a nine-hole golf course on

Vimy Ridge, according to

a letter just received from

a Canadian officer in France.

He said that President

Wilson probably will be

invited to play the "official"

game on this historic course.

Vimy Ridge was captured

by Canadian troops after

fearful fighting and it is

understood that France will

probably present the ridge to

the Dominion as a war

monument.

JOINS DIAZ TO

OUST CARRANZA

Huerta's Former Minister

Plans Revolt in Mexico.

Gen. Blanquet's Arrival at

Vera Cruz Reported.

State Department is Notified

of Proposed Move.

NEW YORK, April 3.—

Gen. Aurelio Blanquet, Mexican

Minister of War during the

administration of

President Venustiano

Carranza, and

described as second in

command to

Gen. Felix Diaz, recently

reported as

having undertaken a

revolutionary

movement against

President Carranza,

has arrived safely in

Mexico.

According to an

announcement made

here today by

Roberto Gayon, his

secretary.

The purpose of

Gen. Blanquet's

return, Mr. Gayon

said, was to

organize the

Diaz forces, overthrow

the Carranza government

and establish the

Constitution of 1857,

which he says is

regarded by

Carranza, and

revoked the

alleged

confiscatory

decrees of the

present

government.

Blanquet was

accompanied by

Gen. Juan

Montano, chief of

staff; Gen.

Enrique

Gonzalez, chief of

artillery; Col.

Francisco

Trasladores, Judge

Advocate; Col.

Luis Acosta, Capt.

Guillermo

Romas, and two

other

Mexican

officers, according

to Gayon.

WOMEN RESUME MASS MEETINGS AT CAPITAL.

(EXCLUSIVE DISPATCH.)

WASHINGTON, April 3.—Members of the National Woman's Party today resumed their open air mass meetings at the Lafayette statue opposite the White House, this time to demand that Congress be called at once into extra session and the Federal woman suffrage amendment passed without delay.

Miss Mary Dubrow of New Jersey addressed the crowd from the base of the statue. Miss Sue White of Tennessee standing beside her with a yellow banner on which the words "We demand an extra session in Congress to pass the Federal woman suffrage amendment" were inscribed in large black letters.

No objection was made by the authorities to the holding of the meeting and no arrests were made. Miss Letha Arnold of Colorado, sold copies of The Suffragist and collected \$2.51 from the crowd which gathered while Miss Dubrow was speaking.

MILLIONS AUTHORIZED AT MARE ISLAND YARD.

(BY A. P. NIGHT WIRE.)

VALLEJO, April 3.—Improvements at the Mare Island navy yard here approximating in cost \$2,500,000 were authorized today by Admiral C. W. Parks, chief of the bureau of yards and docks of the Navy Department, at the conclusion of a two day's inspection of the navy yard.

Included in the improvements will be the increase in ship berthing facilities from 2000 to 20,000 feet by the construction of slips and two piers, an increase of 10 per cent in the capacity of the power plant; the erection of new buildings and tanks and the construction of a railroad through Vallejo from the causeway to connect with the Southern Pacific Railroad Company line at the One Mile house, thereby permitting freight from the East to be run directly into the navy yard.

Admiral Parks departed for the navy yard at Bremerton.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard plaster burned and blistered while it acted. Get the relief and help that mustard plasters give, without the blister and without the blister. Mustard does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tender skin.

Gently massage Mustard into the finger-tips. See how quickly it brings relief—how speedily the pain disappears. Use Mustard for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia). 50c and 60c jars; hospital size \$2.50.

Mr. Ralph Graham Tells How Cuticura Healed Pimples

"My trouble began with pimples on my face. They would start with a red spot and come to a head, and they were so. They were scattered all over my face and neck so that I irritated them by scratching. My face was disfigured while the pimples lasted."

"I tried many remedies but had no success, and I was troubled with the pimples for about four years. Then I used Cuticura Soap and Ointment. I found relief and when I had used two cakes of Cuticura Soap and two boxes of Cuticura Ointment, I was healed." (Signed) Ralph Graham, Post Falls, Idaho, June 1, 1918.

Once clear keep your skin healthy and clear by using Cuticura Soap and Ointment for every-day toilet purposes and Cuticura Talcum to powder and perfume.

Installation of Otto Meyerhoffer as Venice Air Policeman.

Reported by the Ather Bureau, Los Angeles, Cal., April 4, 1919. The following are the names of the persons who have been reported as having been established in the city of Los Angeles, Cal., April 4, 1919.

With the hand playing and an enthusiastic gallery of spectators to witness the event, Otto Meyerhoffer, a well-known local aviator, was officially made the first air policeman in America at the Venice aviation field, yesterday afternoon.

Mr. Meyerhoffer was sworn in by Mayor A. E. Cates and he strapped a pair of handcuffs to his wrist and tucked a wicked-looking automatic in his hip pocket.

In order to show how the new system will work, a Venice visitor volunteered to be a prisoner for a day.

He was hustled into the big patrol wagon, which was driven by a police officer, and he was taken to the Venice aviation field.

WHAT HE WILL DO.

The new air policeman will render valuable service, said Mayor Cates. He will chase speeders, look into reports of smuggling, go over the bay in search of violators of our harbor regulations and help rescue drowning persons. I believe that aerial policemen will be used in scores of cities before the year is over.

While Mr. Meyerhoffer was being

LEASED ON BROADWAY.

Ralph's Grocery Company has just signed a lease for the building at 522-524 South Broadway, where a new line in this company's chain of stores will be established as soon as alterations are completed. The lease was made through W. M. Garland and Company, representing the owners.

BURNED BY EXPLOSION.

Two men sprayed with flaming gasoline in dye works. Sprayed with flaming gasoline, as the result of an explosion in the Keller Dye and Dry Cleaning Company at 1105 Humboldt street yesterday afternoon, Charles Davidson of 1815 East Sixth street, the manager, and Herbert Hains of 2926 North Broadway, an employee, were painfully burned, and the two-story frame building was destroyed.

At the Receiving Hospital the two men were treated for burns on the head, face and arms. They will recover. According to the statements, the tank containing gasoline was not in use. The explosion came while the men were in another part of the building, but the flaming gasoline which was thrown through the establishment set fire to their clothing.

The fire damaged the building to the extent of \$2000.

STRIKE WITHOUT MERIT FAILING.

Painters find no sympathy in demand for closed shop. Plan compromise. Collapse of the painters' strike, which has been in progress since Tuesday morning, was forecast yesterday, when it became known that the Painters' Union is planning to submit a compromise proposition to the Master Painters' Association at its meeting tonight. The strike will probably be called off Monday, master painters say.

Horace H. Mann, president of the association, declared yesterday that the contractors have the situation well in hand and that the public is willing to wait until the strike can be broken. New men are being employed every day, and many of the paint gangs have already been built up substantially, he stated.

"Several of my patrons telephoned to me yesterday that they would be willing to wait until after Easter, if necessary, to help the contractors in their fight against closed-shop conditions," said Mr. Mann.

COSTLY ECONOMY.

Lee Baines, who is said to have told the arresting officers that he stole the car of C. R. Russell of Long Beach to save car fare, was bound over in \$1000 bail by Justice Paul yesterday to answer to the Superior Court. The young man drove the car to this city, where he abandoned it.

OPEN SUBWAY PLAN FAILS.

The proposition to issue \$2,000,000 in bonds to finance a municipally-owned, open-subway rapid-transit railway between Pasadena and Los Angeles was rejected by the voters of Pasadena at the special election held yesterday. Complete returns from the eighty precincts in the city showed 4294 votes for the bonds and 2132 against. This shows a majority of 1732 for the bonds, but it requires two-thirds of all the votes cast to carry.

Notwithstanding that the bond campaign was hotly contested, the vote of yesterday was light, the Pasadena registration being approximately 14,000.

The People and Their Troubles

DOROTHY DIX TALKS

Pleasures of Memory.

BY DOROTHY DIX.

A man who in his time was a brilliant and conspicuous figure in the world is now old, broken in health and fortune and compelled by circumstances to live in a dreary little village.

"I have nothing left now but my memories," he wrote the other day to a friend, "but do not pity me for that because I am happy in thinking of the days that are no more. I do not dwell in this dull little hamlet. I live in Washington, New York, London, Paris and all the cities that I knew so well in my youth. My companions are not the provincial and stupid yokels that surround me. I am hobnobbing with statesmen, financiers and the men who make things happen. I am listening to the chatter of fine ladies in silken boudoirs. I am laughing over the stories of wit whose tongues have been dust and ashes almost half a century."

"When I look out of my window I do not see a straggling, muddy, ill-kept village street. I see Fifth avenue glittering in polished shoes during our old age, so that we may be saved from the misery of dependence and the shame of being a burden upon others."

"Believe me, the poet was wrong when he said that 'Borrow's crown of sorrow is remembering happier things.' To my mind, the ultimate sorrow is for one to have nothing happy to remember in one's old age."

Can you think of a finer example of the brave attitude towards life that this man holds? No weak whining over his present estate, but a calm and uncomplaining acceptance of it with a philosophy that robs it of its hardness! No bitter railings at the injustice of fate in depriving him of the glories that once were his, but a deep and abiding thankfulness for all the pleasures and privileges that he has had!

And what a lesson he teaches us about the importance of laying up a treasure of memory for our old age upon which we can call when our interests in the active every day world about us have become thin and attenuated.

Every wise man, from Solomon down, has tried to impress upon us the necessity of saving up enough money, while we are young and

much that it is dull and monotonous and narrowing to the individual, as that its memories are so few and so drab and tiresome. Think what it must be to the old man and woman of eighty to have nothing to recall but an endless procession of days in which they got up at the same time, did the same little round of tasks, met the same people and went to bed at the same hour, after having wound the same clock and put a procession of cats with the same names out of doors.

Similarly, the great argument in favor of traveling is not alone the present pleasure it affords one, but the incalculable resources of memories one lays up of lovely places, new scenes and strange people.

No old person can be dull or lonesome whose mind is a screen against which a never ending pageant of interesting things that he or she has seen in travel, Comedy, tragedy, pathos and bathos, swarming bullies and gentle knights, heroes and rascals, fine ladies and barlets, they have known them all, and as they call them up one by one, in memory, it makes a human drama as thrilling and never ending as a Chinese play which goes on from generation to generation.

It is not, of course, the privilege of all to travel, but one does not need to go beyond one's own backwoods to find the stuff of which interesting memories are made. It takes money to buy railroad and steamship tickets, but it takes only the seeing eye and the sympathetic heart to find romance and mystery, every variety of personality, love and tenderness, hate and greed in those about us.

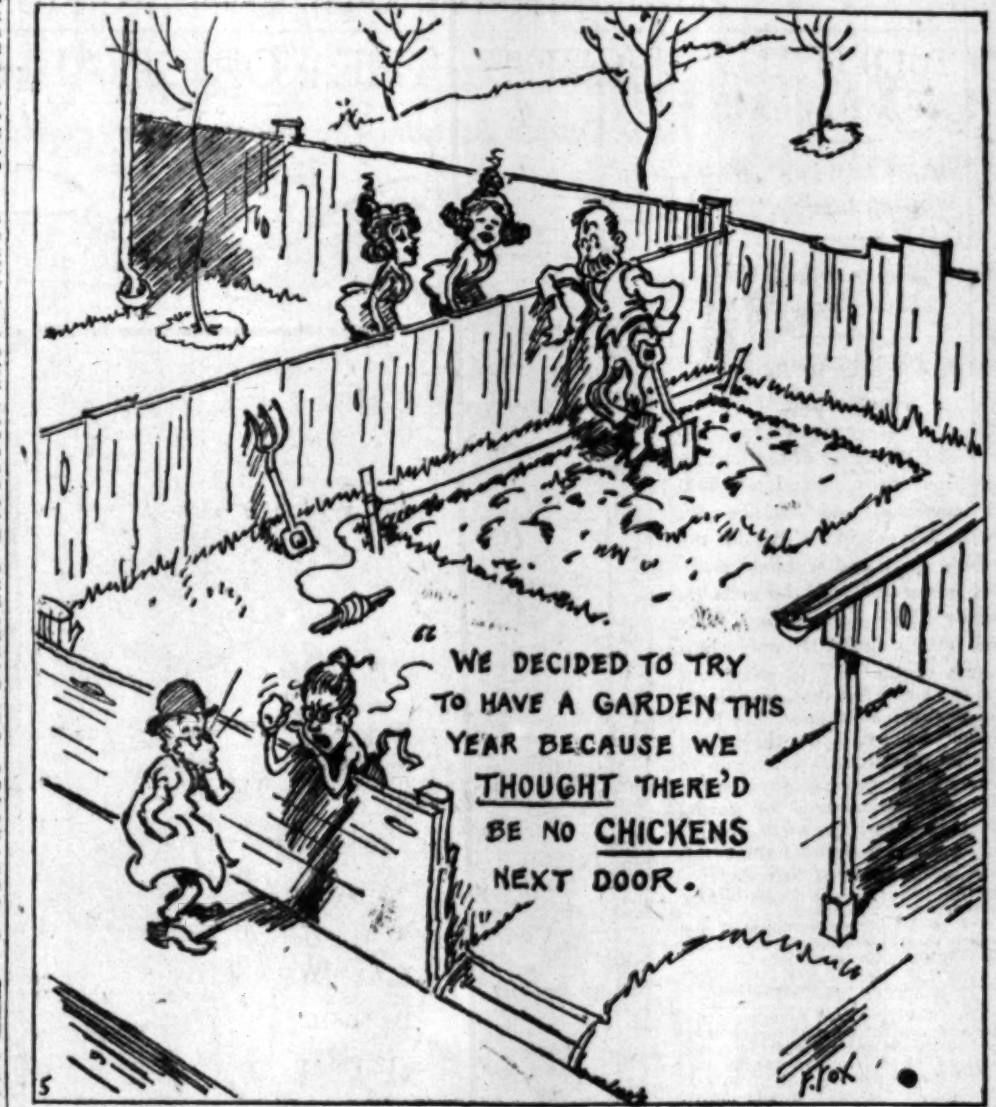

Wise those who begin to observe intelligently early in life, and thus lay up interesting memories for their old age, and happy those who throw away all bitter and hateful impressions as if they were poisonous weeds and who keep only good and kindly recollections to bloom like perennial flowers in their garden of memory.

They shall know the true treasure of memory in their old age.

LONELY FOLKS.

Are all the lonely people of the city in Hollywood? It would almost seem so. The ball of publicity for the lonely ones was set rolling by Mrs. Peck, who wrote that she had lived there for many months and all she saw of her neighbors was when they started out in their autos

to have a good time—by themselves. And Mrs. John Bonte Marshall—"During the time I have been here I have put in the loneliest hours of my life," she writes. Likewise Mrs. Elizabeth Johnson, "Uncle David," she complains, "does not realize just what it means to be a woman alone, for no matter how lovable, how worthy or how she may long to see her husband, she can have no one to talk to or be judged from across the street."

Across the street is, indeed, a little far off to observe the qualities of people, but what is to prevent the lonely ones from themselves walking over and getting acquainted? An unnecessary adherence to conventions is a foolishness that is the hobgoblin of little minds. The faces of the neighbors are probably not as different as they seem. The faces of the lonely ones are probably not as different as they seem. The faces of the lonely ones are probably not as different as they seem.

To climb the trackless mountains all unseem. With the wild flock that never needs a fold, Alone o'er steep and foaming falls to lean. This is not solitude; 'tis but to hold. Converse with nature's charms, and view her stores unroll'd."

These are the allurements of Southern California, and if those who have lived here find in them a temptation which often takes them away from their homes and to the neglect of the lonely newcomers, it need not be thought surprising.

Perhaps when the lonely folk of Hollywood get their proposed club organized, they will understand these things better. Then, perhaps, they will use their acquaintanceships as they do their books—have them where they can find them, but seldom use them.

On with the Dance.

LOS ANGELES, March 15.—[To the Editor of The Times.] If the to-jazz-or-not-to-jazz symposium is still running in the "Trouble" department, permit me to edge in with a word or two.

Dancing is here to stay and will endure as long as the rivers run down to the sea or flames mount toward the empyrean.

Now if Wilhelm is able to be a cross-cut saw, he should be able to manipulate a pin above and master the sciences of a wheelbarrow. It is a sight worth a trip across the ex-Kaiser, ex-Crown Prince Von Tilly and a number of other ex-ones under French or Belgian guards laboring industriously with these useful weapons.

The scene might be filmed as a warning. It would be a most and lasting lesson. It might be called Justice. H. H. MANDER.

PICKS OUT GOOD PLACE.

Among the callers on the Police Commissioner Long yesterday, was former Judge A. J. Thomas, for seven years State's Attorney at Los Angeles. N. M. He has resigned his office and will make his permanent home in Los Angeles.

Coming Here to Live.

Los Angeles society will be interested to hear that Mr. and Mrs. Van Dyke and the of San Francisco, are coming to Los Angeles to reside. Mr. Van Dyke is already here, having a house on South Serrano at the corner of First and Second streets, which he is getting in shape to occupy next month. In the meantime, he is a house guest of his wife, Mrs. Van Dyke, who is a housewife of the highest order. Before her marriage, Van Dyke was Miss Helen, a prominent actress in the city.

Back From France.

Charles N. Bales, Jr., who on his arrival here yesterday, from France, where he served ten months as a corporal in the meteorological section of the Signal Corps, he came to the consular to New York, where he was discharged at the President's receiving a hearty welcome from friends as well as from family who are planning his honor.

Corporal Bales found a wife, but a sweet boy, Charles III, born during his absence.

Mrs. Charles Bales, Jr., (former mother of the young Bales), and Mr. and Mrs. Bales and aunt of the young Bales, all reside on Virginia street, where they are planning a charming little home in Pennsylvania, who has social pleasures this season.

Mrs. Wheeler.

Mrs. William R. Wheeler, who is visiting in Los Angeles, is a daughter of the late William Wheeler, who was a member of the Signal Corps, and who was discharged at the President's receiving a hearty welcome from friends as well as from family who are planning his honor.

Mrs. Mary E. Vell of 729 B street, and her cousin, Mildred Cowing of Cincinnati, her house guest, returned yesterday from Santa Barbara, where they had been for a year and a half. Mrs. Cowing is just back from the Red Cross, where she served a year and a half. Mrs. Cowing, who came out here ever with her family, went out with the Grizzlies and died in December. The shock of death combined with the long hours of work at the Red Cross, and she is out here to recuperate.

By Mr. and Mrs. Mott.

Mr. and Mrs. Mott, who are visiting in Los Angeles, are a family of the late William Mott, who was a member of the Signal Corps, and who was discharged at the President's receiving a hearty welcome from friends as well as from family who are planning his honor.

LETTERS TO "THE TIMES."

Can We Chew Toothpicks?

LOS ANGELES, March 15.—[To the Editor of The Times:] According to the paper set by a few individuals who have had the privilege to manipulate the affairs of some branches of our government, we are certainly to have heaven right here on earth—may be!

We shall not argue whether it was for better or worse that the use of liquor in these United States has been prohibited in so many places, with the remaining "wet spots" counting their days until their end shall come too.

But an old saying goes: "If you give some people a finger they want the whole hand, or worse than that, and then the danger lies. Those so-called 'reformers' now propose to carry on their activities against the use of tobacco. Well and good, tobacco never did any one any good, but it is a person's privilege and just right in the name of liberty and personal freedom to consume the weed, or leave it alone; doesn't that fact outweigh the arguments of these 'reformers'?"

As to myself, I do not use tobacco in any form, yet I don't propose to be so narrow-minded as to say to my neighbor, "I don't care for the stuff, therefore you shall cease using it."

If tobacco is condemned and done away with, we may as well prepare to wear ourselves from drinking coffee, tea and cocoa, which are more or less harmful too, as everyone knows. And, of course, chewing gum will be tabooed, and if people take to chewing toothpicks instead, then toothpicks will be forbidden. And certainly a man found carrying a pocket knife should be arrested, also if he doesn't part his hair on the right side, or wear the correct style cravat, or if he sneezes when he hits his finger nail with a hammer, or fails to kiss his wife goodbye, or goes to work!

To God, what are we coming too?

REWARDS FOR LOAN ESSAYS.

Cash Prizes Offered to Los Angeles Children.

Dr. Shiels Outlines Rules Governing Contest.

Tells of Privilege Victory Issue Offers People.

Fifty dollars in prize will be given to the pupils of Los Angeles schools writing the best essays on the Victory Loan before April 15.

This announcement was made yesterday by the Superintendent of Schools, Dr. Albert Shiels, for the Southern California State Central Liberty Loan Committee, and instruction sheets were furnished to all teachers and principals, outlining the details of the contest. Dr. Shiels stated that the subject of the essays should be "Why Every American Should Stand 100 per Cent. Behind this Victory Loan."

Dr. Shiels drew attention to the fact that the war is not over yet, and said the American people still have an obligation to perform that is equal in importance to any of the obligations of the past year and a half.

"The Victory Loan must be met with the same enthusiasm and the same distribution as the previous government calls," he said. "This is a debt that the American people have incurred in winning this war. It is a just and victorious debt, and it is the privilege of the people at this time to prepare to meet it through the Victory Loan plan, thus enabling the American government to meet American obligations without tremendous tax levies. DOGS TO YIELD RECORD FEES.

Increased Tax on Females Expected to Jump Receipts to Highest Notch.

Mrs. E. M. Waddell, secretary of the Humane Animal Commission, stated yesterday that the income from dog licenses and pound fees this fiscal year will be at least \$40,000, which is \$5,000 larger than the record of any year since the commission has been operating.

Fully 17,000 dogs will be licensed. The license fee at present is \$2 for males and \$3 for females. Last year there was a flat rate of \$2, and about 14,000 dogs were licensed. The total income was a little less than \$25,000. For the next fiscal year the dog license fee will be \$2 for males and \$3 for females.

ports claimed that the war would not end before the summer of 1918, and in doing this saved the lives of hundreds of thousands of American boys. This should rightfully be called our jubilee loan, and should be America's thanksgiving offering for victory won in the manner in which it was done."

No essay longer than 200 words will be considered. All essays must be mailed to the Superintendent of Public Schools, Security Building, Fifth and Spring streets, City. A committee of teachers and principals will make the awards. This contest is open to the pupils of the high schools, intermediate and seventh and eighth grades. The \$50 will be distributed as follows: First prize, \$20; second, \$10; third, \$5; and fifteen prizes of \$1 each.

FOR SAN DIEGO BRIDGE.

Project, Held up by Referendum, to be Voted on Next Tuesday.

While Gov. Stephens is urging the Legislature to submit a proposition for a bond issue of \$40,000,000 to construct and improve highways, the city of San Diego has been prevented by resort to a referendum petition from constructing a steel bridge, at the cost of something like \$60,000, across the San Diego River at Old Town, to replace the bridge destroyed by the flood of 1916.

The measure will be voted on next Tuesday. While it is of no particular concern to Los Angeles, it was pointed out here yesterday that such obstructive tactics may have something to do with the failure of San Diego to realize its expectations.

TOMORROW IS THE LAST DAY.

All Nominating Petitions Must be in by Noon.

Many Mentioned Who Haven't Filed with Clerk Yet.

Woodman Seeks Re-election; Topham is Indorsed.

At noon tomorrow the time expires for the filing of nominating petitions for the municipal primary election, and it is expected that there will be a rush of candidates to file their petitions today and tomorrow. Numerous names are mentioned as prospective candidates which do not appear on the official list at the City Clerk's office, and quick action will be necessary if their petitions get filed within the official time limit.

Petitions taken out yesterday included the following for the Board of Education: Mrs. Chester Ashley, D. K. Edwards, Loren Helm, C. C. Parker, C. E. Seaman and Bessie D. Stoddard.

W. J. Sanborn, 2804 Pennsylvania avenue, and Charles L. Elmendorf, 155 East Twenty-eighth street, took out nominating petitions for the Council.

Paul Burke, 436 South Wilton place, is in the running for nomination for City Attorney, having taken out his nominating petitions just before the City Clerk's office closed last evening.

The petition of Mayor Woodman for renomination for Mayor was filed late yesterday afternoon.

Indorsement Topham.

The West Jefferson Improvement Association, of which Fred Strong is the president, representing a district with a population of probably 25,000, has indorsed the candidacy of John Topham for the Council.

Well, let everybody tell the truth.
What is there to it? That's what's what.

The public would like to know what it's all about.

It is a case of "full speed ahead" at the peace table. The full speed of the historic language of Admiral Farragut, when he steamed into Mobile Bay.

And there is little Italy, the home of the Adriatic! What do you think of her imperious nerve in demanding everything in sight at the Paris conference?

Speaking of baseball and prohibition, there is some talk of giving a man his base on a highball this season. This ought to fatten some of the players' averages.

With what loving compassion some of the nations at the peace table are willing to take territory off the hands of their neighbors? In League of Nations really needed!

The Polish Diet has authorized a loan of \$500,000,000 francs. It is one thing to authorize a loan, quite another to get it, as any imprudent individual would be keen to swear.

FORCED TO FORFEIT MATCH.

Ted Thye, Injured by Fall at Hands of Ito, Could not Proceed.

Tearing a tendon in his left elbow after wrestling six minutes and twenty seconds, Ted Thye of Portland, Ore., was forced to forfeit his match with Prof. Ito last night at the Los Angeles Athletic Club.

The Japanese grappler took the fall with a choke hold and arm lock and Thye was unable to go on for a second fall.

The fall came as a distinct surprise to those present at the match. Thye was the first to bring his man to the canvas. After three minutes of being each other out, Thye dropped the Japanese Jiu-Jitsu expert both rolled to the corner of the mat.

shoulders to the mat was not to constitute a fall which is absolutely against the rules of the catch-as-catch-can style.

Returning to the match, after Thye had given up to Ito and both men had had ten minutes rest, Thye appeared in the center of the ring with his left arm hanging limp at his side.

He explained to the house that his arm was seriously injured and that it would be useless for him to try and wrestle.

He closed his sportmanlike impromptu speech by declaring that he would willingly wrestle Ito again, gratis, just to prove that he did not forfeit the match because of being "yellow."

There is no doubt as to Thye's integrity and veracity in the declaration, as his match with Mike Yokel proved that he is one of the gamiest mat artists that has ever appeared in the environs of this city.

Prof. Ito's explanation why he did not release Thye after the latter had signaled "enough" was that he did not hear or see his opponent signal to the referee.

Still there are many who are wondering why the Jap did not release his opponent after Prof. Higgins had gotten a headlock on him and at the same time trying with all his strength to pry the men apart—and still Ito hung on.

At first it was thought that Thye's arm had been broken, but an X-ray taken immediately after the match by Dr. H. C. Chaffin failed to show any sign of broken bones.

Chaffin declared, however, that a tendon of the left elbow had been torn loose.

A hasty gaze around the Athletic Club gymnasium, the scene of the struggle, still there are many who are wondering why the Jap did not release his opponent after Prof. Higgins had gotten a headlock on him and at the same time trying with all his strength to pry the men apart—and still Ito hung on.

TIGERS DEFEAT CHICAGO.

Evolved in Southern California and made in Los Angeles, flashing the sterling hallmark of "The Tigers." With joy aplenty and glee luxuriant in fullness, let it herein be chronicled that the Bengals smeared it all over the chess-board of sports from Chicago something like 4 to 1 at Washington Park yesterday afternoon before a big crowd of enthusiasts.

The verdict was perfectly innocent of fluke or luck of any kind. It was simply a case of the Bengals first effort to overcome the debacle, but the Tigers were there to stay, and were as inflexible as the doughboys in the Argonne Forest.

The unexpected defeat cast a gloom over the visitors. As they moved in melancholy tread toward the clubhouse, Earl Houk intoned a threnody in keeping with their spiritless mood. His eyes were working, he dropped, and wiped them soon—the East was all before them—whence to choose an easier field and provide their guide.

Mitchell was unable to suck the sweet milk of revenge, as the Cubs' schedule precludes the possibility of their tackling the Vernons again.

"SOME OPENING," ANGLERS AGREE.

Trout Business Breaks Every Record for Years.

In its first weekly summary of conditions along the streams for the information of the licensed anglers, gathered from reports from the State's fish-cultural work, which, despite the steadily increasing drain upon the streams, has been improving the sport so much. Nearly all who participated in the opening day of the season, reported themselves the greatly increased drain these rather scanty streams have experienced in recent years.

Anglers will find the fish quite well educated henceforth, and not as plentiful, so limits will be harder to get. The wise sportsman will go "well-heeled" with fly, bait and spinning-gear, prepared to offer whatever they prefer.

Many are leaving today, and more will depart at various hours Saturday. With good roads, it is possible to run up the coast for one day's fishing, creel the limit, and return the same evening.

There is a plenty of trout left; the "openers" did not get them all; and some of the finest sport of the season will be enjoyed by those who go forth in October, after most have forgotten about fishing.

Then the fly kills wonderfully well; the fish are grown bigger, are fat and fine, and full of fight.

More anglers reported meeting deputies on patrol than ever before. Emergency men were on nearly every important stream in Ventura county, and collectively they examined licenses by the hundred.

Deputy Henry Ables alone checked over 304 on the Santa Ynez, and says "it was impossible for me to see them all, but did the best I could." He also caught five men nonresidents fishing on 11 licenses.

Deputy Ables reports: "On opening day, there were at least 500 people along the Santa Ynez, and most of them took limits ranging from five to twenty-nine inches, average, of course, about five inches, with a good number seven to eight inches and occasionally some angler would land one of the big steelhead which are still in the stream. Skilled fishermen who know the game had no trouble in getting limits in a little over an hour's work, so I consider angling on the Santa Ynez pretty good this season."

FANS MAY SIZE UP VICTORIES.

To See if Those of Brown Were Flash in Pan.

Will Have to Show Class in Battle with Baird.

Other Classy Fights on Vernon Card Tonight.

Local fans will get a chance to see whether Young Brown's rather sensational victory over "Rube" Brown and Jack Gills was a flash in the pan when he meets Earl Baird in the main event at the Vernon arena tonight.

The match was made nearly a month ago, but Baird met with a bad fall while doing road work, and has just rounded into shape. Brown is of the type that keeps boring in, hitting with both hands and forcing the fighting from start to finish. Baird is a willing boxer and has a dangerous punch when at close quarters. As Brown is always in close it will be interesting to meet just how much effect Baird's short-arm punches will have.

The semi-finals will be between Young France and Louie Rees, both veterans of the four-round game, who have never happened to be matched before. Rees is a fighter all the way, and as France has showed considerable class in his recent matches it looks like a tough bout.

Joe Brown is matched with Ralph Lincoln, one of the cleverest boys that has appeared at Vernon. There was a time when Lincoln was a bantamweight, but he has put on considerable flesh and seems to be a better scrapper at 125 pounds than he was when he was a little fellow. Brown is a willing boxer and the match between the two looks good. Young France, a 131-pounder, who put up some great scraps a year or more ago, will meet Jack Papke. The latter has had two chances to show and has won one bout and lost one. Tonight is expected to show whether or not it will pay Brother Billy to keep working. Jack Gills, a boxing game, or put him to work on the Pasadena ranch.

Henry Gastine will meet Gus Williams. A week ago Williams had the bad luck to stop one of Tommy Nelson's right-hand punches with his ribs and lost a decision. While Gastine handed Kid Layman a man's sized beating, their bout tonight looks like a regular battle.

Battling Frankies and Jack Stewart will meet in the curtain raiser. From curtain-raiser to main event tonight's card looks like the best that has yet been lined up for a Friday night.

Fred Winsor will referee.

FINAL INSPECTION MADE OF STATION.

NAVAL OFFICER EXAMINES LANDING AT DEL MONTE FOR AIR PATROL.

(SPECIAL CORRESPONDENCE)

DEL MONTE, April 3.—Lieutenant-Commander E. W. Spencer, Jr., officer in charge of the United States air station at San Diego, made a final inspection today of the landing station at Del Monte Beach for the coastal aerial patrol that will commence within the next two weeks.

Lieutenant-Commander Spencer declared that arrangements have practically been completed to start two and possibly three flights a day from the station. The naval officers in charge of the United States naval officers from San Diego up the Coast as far as San Francisco. They will act as a patrol and will make the trip every week. The seaplanes will taxi up to the sandy beach at Del Monte, where the fashionable bathers are wont to sun themselves, and will stop off here over night to take on fuel and rest the flyers. The head of the air station is making every effort to conduct the patrol on the Coast. Telephone stations all along the Coast will keep track of the seaplanes when it is possible to see them in the air and schedules will be so arranged that the officers in charge will know where the planes are every hour of their flight.

At the stopping station at Del Monte, everything will be in readiness to take up these telephone messages and in case rescue work is necessary, boats will be rushed out of Monterey Bay.

When the planes in the first coastal patrol arrive, the flyers will be tendered a reception at the fashionable Hotel Del Monte.

LOYOLA WILL PLAY NORWALK.

The Loyola College baseball team will journey to Norwalk tomorrow, where the collegians will meet the local nine. The Catholic aggregation has been winning consistently since their early start and have lost but two games to date, both the Angels and Tigers having walloped the collegians.

Ed Irvine, former Loyola coach, spent an afternoon recently watching his ex-protégés limber up with the result that he predicts a triumphant season for the nine.

ALEXANDER IS HOMEWARD BOUND.

(BY A. P. NIGHT WIRE.)
CHICAGO, April 3.—Grover Cleveland Alexander, premier pitcher of the National League, has sailed from France on the Rochambeau and is due to arrive in New York April 14. Officials of the Chicago Nationals were advised today. Alexander probably will come directly to Chicago upon receiving his discharge. Officials of the Cubs hope to have him pitch the opening game if possible on April 23.

STECHER WINS FROM JOHN KLEM.

(BY A. P. NIGHT WIRE.)
MONTGOMERY (Ala.), April 3.—Joe Stecher of Nebraska, former heavyweight wrestling champion, defeated John Klem of Chicago in two straight falls here last night. A body of spectators, held by Stecher in both instances, the first fall coming in one hour and fifteen minutes and the second in eighteen minutes.

FIRST AQUATIC TITLE EVENT.

Fifty-Yard Dash at Ocean Park Next Sunday.

One-Hundred-Yard Dash the Week Following.

Contestants from All Parts of Southland.

The first Southern California swimming championship event to be held this year will be the 50-yard dash for men at the Ocean Park Bath-house, Sunday, April 20. The 100-yard dash will be run on the following Sunday and nine other events on the Sunday following.

These events have been great drawing cards at Ocean Park in the past as they have contestants from all parts of the south. There will be no admission charge and naturally a packed house will be the outcome. The swimming season at the beaches is just opening and as Lee Henry has many fine events lined up for the coming year he should have his big bath-house packed most of the time. Most of the old swimmers and others who were in the service, have returned and his life-saving corps that has won fame throughout the country will be back on the job entertaining the public with entertainments when they are not out in the surf after some unwary bather. The big bath-house is opening nights commencing Saturday of this week and soon Manager Henry is going to spring a big surprise event for his bathers one night a week.

Next Sunday afternoon, although there will be no championship event on the card, there will be a big aquatic entertainment with races and diving stunts. Cliff Bowes is expected back from the East before then and should be on hand to make his famous dive from the rope which has never been duplicated by any other swimmer.

Lee Henry as chairman of the Swimming Committee of the A.A.U., has made application for the first western championships and also the Pacific Coast championships for the coming year. The men's high diving and women's 44-yard national championships have also been applied for and Henry expects both from the national secretary any day.

COMPTON WILL JOIN SEATTLE.

NEW OUTFIELDER WILL REPORT TO CLUB AT SAN FRANCISCO.

(SPECIAL CORRESPONDENCE.)
BAKERSFIELD (Cal.), April 3.—President Brewster of the Seattle baseball squad of Pacific Coast League received a wire this morning from Pete Compton of Kansas City, an outfielder, who played with New Orleans last season, stating that he had accepted terms and would meet the Seattle Club in San Francisco. With the arrival of Compton, the Seattle Club will have a fast set of outfielders to choose from in Wilhoit, Walsh, Compton, Wilson and R. Cunningham.

The club will leave here Saturday for San Francisco, but before leaving Brewster will be believed to start his thinning-out process, so that when the Seal Park is reached he will have plenty much the kind of a team that he wants.

Brewster is sparing no expense in getting a club that will do Seattle proud.

ENTRIES RECEIVED FOR TRACK MEET.

ANNUAL CITRUS BELT AFFAIR TO BE HELD AT REDLANDS SATURDAY.

(SPECIAL CORRESPONDENCE.)
REDLANDS, April 3.—Entries have been received from Redlands, Riverside, San Bernardino, Chaffee, Chino and Hemet high schools for the annual Citrus Belt League track meet to be held at the university field here on Saturday. The officials have been selected and plans have been made to run the trial heats in the morning so that the hundred or more athletes can be well handled and the meet run off on time.

It had been planned to have a big military review of the High School cadets of the league at the time of the meet, but it was decided that this should be an event by itself and it will be held later.

San Bernardino is reputed to have an exceedingly well balanced team and will make a strong bid for the honors in the meet. Redlands team is excellent in the track events but not so good in the weights and field events.

PREPARING FOR BASEBALL PARADE.

Charles T. Kelly, who is helping out Manager Monday in preparing for the big opening baseball parade next Tuesday, wishes the following men to call him up as soon as possible at the Linen Laundry and Supply Company, phone 11181: Byron Hartwell, Frank Bowman, Holme Spies, Frank Dillon, Eddie Householder, Judd Smith or any other member of the old Los Angeles Club.

BOXING BILL IS AMENDED.

(BY A. P. NIGHT WIRE.)
SACRAMENTO, April 3.—The Assembly today amended the proposed constitutional amendment to submit to the people a proposition to permit ten-round boxing bouts in California, eliminating a section placing boxing under the supervision of the mayors of San Francisco, Oakland and Los Angeles and giving the Legislature power to regulate the sport.

FIGHT WANTED BY GREAT FALLS.

(BY A. P. NIGHT WIRE.)
NEW YORK, April 3.—An offer of \$120,000 reached here today from Great Falls, Mont., accompanied by an assurance that the Willard-Dempsey fight can be held there. The men who make the offer accept that if promoter Rickard accepts the guarantee they will immediately begin to construct an arena capable of accommodating 50,000 people. Rickard is in Texas and expected here Tuesday.

TO DINE LOCAL PLAYERS.

Probably the most hastily-organized banquet ever held in this, or any other city, will occur, tonight, at the Alexandria Hotel, when a few representative business men of Los Angeles will dine several hundred of their confederates in a joint tribute to the Los Angeles and Vernon baseball clubs, the celebration having been christened a "Good Luck" dinner.

The committee in charge is headed by M. A. Hamburger, Roscoe Arbutnot, George Goldsmith and P. H. Halbriter, and the dinner was only decided upon Wednesday. With characteristic speed, these gentlemen at once dispatched their invitations by telegraph, and Mr. Halbriter has been busy acknowledging acceptances ever since.

The baseball season opens April 8, and as the Vernon team leaves for its opening game at Salt Lake City in a day or two, it was necessary to hurry. Many prominent men have agreed to be present, and a fine programme of entertainment is promised.

The entire expense of the dinner will be borne by a handful of business men, who are anxious to stimulate interest in the national game, as well as to encourage the boys on the teams to play their best, so that the 1910 season may fly triumphantly in Southern California.

FREE SHOOTING IN DANGER.

Some persons believe that this country is on the verge of becoming Europeanized to the extent that in a very few years we will have no shooting except by land owners or lessees on their private preserves. This is something which no patriotic American wants, because we believe that one of the keystones of our national prosperity is the free shooting which our citizens have enjoyed.

There is no question but that free shooting over large sections of the country is seriously endangered, and that in some places it has disappeared.

Already States like New York, Pennsylvania and Utah have gone a long way to secure and preserve hunting grounds available for the poor man as well as the rich.

New York, with its Adirondack and Catskill parks, has an area twice the size of the State of Rhode Island which will be free for all time to the public for fishing, shooting and camping.

A similar opportunity is easily available for all States which have areas of rough, nonagricultural land. The problem is much more serious in States possessing chiefly rich, agricultural land, where the price per acre is so high that very little land can be purchased with any reasonable appropriation, but even in such States swamp lands could often be acquired by the State at figures within reason.

It has been suggested that the hunters' money would go farther in purchasing shooting rights than in acquiring the fee of the land itself. This plan is worthy of consideration, but so far as is known it has never been practically worked out in any State.

At the national conference of the American Game Protective Association, held recently in New York City, a resolution was passed in favor of free hunting grounds.

The resolution reads as follows: "Resolved, that in consideration of the restricted areas upon which free hunting can be enjoyed by the residents of many States, it is the sense of this association that the several States fish and game departments be requested to take up this subject in the interest of the hunting and fishing public by an effort to obtain control of large areas of wild lands for the establishment of reservations on which the public may enjoy fishing and hunting privileges under proper regulations."

The subject of the resolution is commended to the serious study of game commissions and sportsmen's associations. States which have not free shooting lands should, by all means, take action to secure them where they can reasonably be acquired.

Jack Portenstien, Joe Portenstien, Fred Satterwhite, Gus Hofer and Fred Krough have made up a party which will try to land individual limits in the Santa Ynez tomorrow and the following day.

E. B. Warden, W. H. Cilne and Pete Wilson will attempt to repeat their opening day performances on the Ventura. J. K. and M. C. Tweedy will also fish the Ventura country.

Guy Hill, Fred Olson and Eli Fay expect to spend the Sabbath in the neighborhood of Matillia or Sulphur Mountain. Recent limits were reported in the vicinity of the latter spot by J. R. Duthcher, S. Higgins, botham, and August Frankel of Los Angeles, Grafton Carlie of Berkeley and Charles Wiley of Santa Paula.

Pete Peterson, Clins-Cline's placarator expert, was unable to attend the opening of the season and will attempt to make up for lost time this week-end. The Ventura looks like the probable scene of his efforts.

PITCHER SALLEE HAS LAME BACK.

(BY A. P. NIGHT WIRE.)
CINCINNATI, April 3.—Special dispatches from the Cincinnati Nationals training camp at Wapakonette, Tex., tonight say that Pitcher "Slim" Sallee is in bad shape with a very lame back and may not be able to pitch for the local team this season. A Wapakonette physician, who has been consulted, said that Sallee's case is serious and may involve being put in a plaster cast for two or three months.

POMONA WINS DIAMOND VICTORY.

(SPECIAL CORRESPONDENCE.)
POMONA, April 3.—The Pomona High School baseball team yesterday defeated the Bonita team by a score of 12 to 1, and while the game was a walkaway for the home team, the boys also had a good workout and a chance to utilize several new men in the outfield.

Three pitchers were put in the box, John Baugh getting warmed up for three innings, being supplemented by Paul Walker and "South Side Sam." The Pomona boys did some excellent hitting, and throughout the game they kept the ball together. There is every prospect that the Pomona team will capture the honors for the league.

This afternoon the boys will go to Claremont, where they will cross bats with the Pomona College variety team. The line-up yesterday was as follows:

Hopkins, c; Baugh, Walker and Paul Walker, p; Frater, 1b; King, ss; Brady, 2b; Anderson, 3b; Tibbitts and Orington, cf; Fowkes and Baugh, cf; Dickinson and Connor, rf.

MANY FISHING TRIPS ARRANGED.

Week-end to See Some Very Large Turnouts.

Ventura River Continues to be Stage Center.

Limits of Medium-Sized Trout are Found.

That this week-end will see one of the largest turnouts of anglers on the rivers of District No. 3 in the history of the sport is the belief of the local fishing experts who have been advising and equipping the outgoing anglers. Reports of the ideal fishing conditions and the increased interest in all forms of sport are responsible for the expected record attendance.

The Ventura River continues to hold the center of the stage for the majority of the fishermen. Despite the fact that the run of fish in this stream are not overly large, limits of medium-size trout seem to be the order of the day for even the most inexperienced anglers. The presence of the steelhead trout at various points along the lower portions of this river also serves as a magnet for the veteran angler who seeks quality rather than quantity.

For those who can spare the time and who are particularly epicureans in their fishing tastes, the Santa Ynez offers many inducements. The absence of heavy brush and other impeding obstacles at the stream's edge make this the happy hunting ground of the fly fisherman. Although reports of record catches on this stream have not been very numerous, there is ample testimony of an abundance of fish for the ambitious angler.

Jack Portenstien, Joe Portenstien, Fred Satterwhite, Gus Hofer and Fred Krough have made up a party which will try to land individual limits in the Santa Ynez tomorrow and the following day.

E. B. Warden, W. H. Cilne and Pete Wilson will attempt to repeat their opening day performances on the Ventura. J. K. and M. C. Tweedy will also fish the Ventura country.

Guy Hill, Fred Olson and Eli Fay expect to spend the Sabbath in the neighborhood of Matillia or Sulphur Mountain. Recent limits were reported in the vicinity of the latter spot by J. R. Duthcher, S. Higgins, botham, and August Frankel of Los Angeles, Grafton Carlie of Berkeley and Charles Wiley of Santa Paula.

Pete Peterson, Clins-Cline's placarator expert, was unable to attend the opening of the season and will attempt to make up for lost time this week-end. The Ventura looks like the probable scene of his efforts.

PITCHER SALLEE HAS LAME BACK.

(BY A. P. NIGHT WIRE.)
CINCINNATI, April 3.—Special dispatches from the Cincinnati Nationals training camp at Wapakonette, Tex., tonight say that Pitcher "Slim" Sallee is in bad shape with a very lame back and may not be able to pitch for the local team this season. A Wapakonette physician, who has been consulted, said that Sallee's case is serious and may involve being put in a plaster cast for two or three months.

POMONA WINS DIAMOND VICTORY.

(SPECIAL CORRESPONDENCE.)
POMONA, April 3.—The Pomona High School baseball team yesterday defeated the Bonita team by a score of 12 to 1, and while the game was a walkaway for the home team, the boys also had a good workout and a chance to utilize several new men in the outfield.

Three pitchers were put in the box, John Baugh getting warmed up for three innings, being supplemented by Paul Walker and "South Side Sam." The Pomona boys did some excellent hitting, and throughout the game they kept the ball together. There is every prospect that the Pomona team will capture the honors for the league.

This afternoon the boys will go to Claremont, where they will cross bats with the Pomona College variety team. The line-up yesterday was as follows:

Hopkins, c; Baugh, Walker and Paul Walker, p; Frater, 1b; King, ss; Brady, 2b; Anderson, 3b; Tibbitts and Orington, cf; Fowkes and Baugh, cf; Dickinson and Connor, rf.

TENNIS STARS AT SANTA BARBARA.

TO DECIDE IF CHAMPIONSHIP TOURNEY SHALL BE HELD THERE.

(SPECIAL CORRESPONDENCE.)
SANTA BARBARA, April 3.—Five of the biggest tennis stars in the State will be in this city on Saturday to inspect the available courts to determine whether Santa Barbara shall have the California intercollegiate tennis championship tournament. In the party will be Simpson Sinsbaugh, one of the best-known veteran players of the south, where he has been prominent in tennis circles for years; Nat Brown, member of several double championship teams and a remarkable double player; Maurice McLaughlin and

Tom Bundy, two of the world's most noted players, both as team and individually.

It is said that McLaughlin is once more showing the wonderful form which made him known as "The Comet," and which brought him the "world's championship" three years ago.

The visitors will play an exhibition game on the Belvedere courts on Sunday, which promises to attract fans from over this section.

The destruction by fire of the Foothill Hotel at Ojai has opened the way for Santa Barbara to grab the championship tournament this year, it is said. Heretofore, Ojai was the favored place for deciding all tennis issues in the big annual meet. A strong effort is being put forth to aid Santa Barbara, and that the tournament will come here instead of Ojai is almost certain.

The local committee working to this end is composed of R. Manning Clarke, Harold Frink, Dr. H. L. Spinnay, Mrs. Marjorie Edwards and Seldon Spaulding.

ST. LOUIS, April 3.—When delegates present from the United States, the annual convention of the Chinese merchants association, on Long Tom, a two weeks' session here in one of the questions to be discussed is the trade relations between the United States and China.

Los Angeles High School comes in for the "lion's share" of the quarter-mile race, the crack Blue and speedster, stands an excellent walk away with the race, and Clark of Los Angeles will be looked to for a hard battle.

The half-mile should bring some running between L. H. Lincoln and Irauer of Lincoln. The latter is a mile runner, and in order to win the race he will have to cut this time of 2:15. The entries and the race should be a thriller for all.

Newman of Manual Arts took the 120 foot hurdles, and work this year over the sliver of high caliber, may also win. Colton of L. H. Hartman of Poly will also be in the running. The big race should be a close one, as the men entered and the performance points to a nip-and-tuck between Poly, Manual Arts and Lincoln. In the relay, a good chance is shown by the team of L. A. and Mullane, who may figure in the final race.

Every Present Indication Points to a Splendid Fishing Season in Southern California.**READY FOR BIG TRACK EVENT.**

City Meet Scheduled to Take Place Tomorrow.

Teams Believed to be Very Evenly Matched.

Looks Like a Fight Between L. A. and Poly.

Track season will reach its height tomorrow morning, as far as the local prep school stars are concerned, for at 10 o'clock sharp Starter Bob Wynn will bring the men to the track for the first event of the day.
 Tomorrow should prove a high-class day on the calendar for Lincoln High School, for the first time in the history of the school a well-rounded and exceptionally strong team will enter the city prep meet with a good chance of rumping away with first honors, according to the opinion that has been gathered from the performances of the Rail splitter.

SEALS IN GOOD CONDITION.

(EXCLUSIVE DISPATCH.)

SAN FRANCISCO, April 3.—Karl Sandall worked out with the Seals today. He will need about ten days or two weeks to get in good playing condition. He probably will not play against the Cubs, Saturday and Sunday, and he may not take a chance on opening day next Tuesday, but he is not much over weight and as soon as he gets his wind and legs in shape he will be ready.
 In the meantime Willie Hamm, the hot wonder, looks pretty good at third base and he may open on the hot corner. Roy Corhan, looks perfectly at home at second base and as Jimmy Caveney is a wide runner at shortstop, the Seals may line up with Corhan at second and Caveney at short. Sandall has played a lot at second base and eventually he may be moved there. Corhan going to third. Corhan has played third, so the position is not new to him.

VALVE ACTION IMPORTANT.

"Some time ago a motor trade journal made the assertion that not less than 75 per cent. of the cars then on the draft boards of the engineering department of the various factories were being designed with over-head cam-shaft motors," said Frank Nelson, Los Angeles distributor for the Nelson car, last week.
 "Since the supremacy of this type of motor was so overwhelmingly emphasized by the war, it is only natural to think this statement a conservative one. While in many respects, the requirements of the aviation motor and the automobile motor differ, the matter of positive valve action is one of equal importance in both. The direct action of over-head cam type is vitally necessary to make valve action positive, as has been amply demonstrated in the aviation field as well as in the automobile."
 "The over-head valve, over-head cam-shaft motor was first demonstrated in a sensational fashion in this country at the Indianapolis race of 1913. There is no doubt in my mind that this type of motor would have won wide recognition among all European designers had it not been for the complete interruption of the industry by the great war. Certainly the results achieved by the Nelson with this type of motor lead to the belief that it will be widely used in the near future both at home and abroad."

LARGE SUMS FOR ROAD BUILDING.**UNITED STATES GOVERNMENT INTENDS TO RETAIN JURISDICTION.**

With the United States government setting aside large sums of money to assist in the construction of new roads, it does not intend to part with any of its jurisdiction in the matter, according to an incident that transpired recently in Tennessee, as reported by James L. Irving, the Cole Right and Elgin motor car representative here.
 All arrangements had been made for establishing four motor truck routes out of Memphis when an adverse report on the condition of the roads over which the trucks were to operate was received and killed the project. A postoffice inspector examined the roads and reported the roads were such that it would not carry the service one year and he refused to recommend the routes. Four motor trucks had been ordered and were ready for assignment when word was received the service had been denied, because of bad roads.

SHOES CHAIN USED ON HUN GUNNERS.**LEG IRON TO LASH GERMANS TO FIELD PIECES IS DISPLAYED HERE.**

First-hand proof that the German officers often chained their men to the guns has been brought to Los Angeles by Sergt. Jim Burke of the Sixty-ninth New York Regiment, known as the "Fighting Sixty-ninth." Burke is here recuperating, and at the same time telling the histories of the 2600 war trophies which the Overseas Club has on exhibit at 445 South Hill street.

SHOES CHAIN USED ON HUN GUNNERS.**LEG IRON TO LASH GERMANS TO FIELD PIECES IS DISPLAYED HERE.**

"It was during the last few days of the 'big show' around Chateau Thierry," said Sergt. Burke yesterday, "that I ran across my first victim of the Hun of foot. Our company was participating in an attack on a certain sector. We had cleaned out a Boche machine-gun nest. At one gun we found a poor devil chained to his gun. The chain, made in the form of a handcuff, was attached to one of his legs and the other to the gun."

"Near by we found a dead German officer. Search of his effects brought to light a key which fitted the lock on the leg ring. Certainly it was in this battle that we stopped one retreat of the Boche. Orders found on a dead officer showed the enemy in this sector had planned to retreat eighteen miles when we attacked. Most of them never got away from the spot."

The leg iron is being displayed at the exhibition of trophies.

H. T. Hunt, accused of grand larceny and joy-riding, withdrew a plea of not guilty, yesterday, in Judge Willis's court, pleaded guilty, and asked that he be sentenced at once. He was given a year in the County Jail. Hunt admitted that he became ill and stole an automobile to ride to Arizona, where he was arrested.

VICTIM OF PICKPOCKETS.

Operating as a gang, three clever pickpockets yesterday afternoon robbed H. P. Miller of 137 North Utah street of his purse containing \$61 in cash and a number of checks. The pickpockets, according to Mr. Miller, surrounded him as he stood at Sixth street and Central avenue.

Attendance—in the first of the eighth Paskert, between being unable to glimpse Fromme's offerings and crabbing at Umpire Frary, effervesced himself into a white passion. He took two healthy swipes at the grinning onion and then tore up the earth like an enraged bull. It was now up to Art to take some of the veneer of eastern self-sufficiency of Paskert, and take it he did, for he achieved a splitter that curled around the center fielder's neck and did a spiral dance into Cooke's hands. Paskert shell-shocked the air with that richly whiff, while the grand stand guffawed in derision. It was surely a case of "fanning of the Shrew."

SCORE ONE FOR THE OFFICE BOY.

Score one for the Office Boy.

That clever young gentleman took advantage of the sport page to put over a little joke all his own on the score of April Fool's Day.
 He appeared at the sport desk a few days ago with the information that his alma mater, Franklin High School, had voted to abolish football, and backed up his statement with a marked edition of the school paper. The story as printed there, related how, at the urgent request of William Keyes, a member of the Franklin faculty, the grid sport had been done away with for all time.

The gentleman who happened to be presiding at the desk at that moment passed the news along to this page's readers with the best of intentions.

It now develops that the edition of the school paper which served as the basis for the story was a special Anniversary edition, prepared in honor of April 1. The statements therein may be taken with reverse English throughout. Mr. Keyes, it develops, is one of the sport's strongest boosters.

CHICAGO (Ill.) April 3.The Times, Los Angeles, California:
Allow me to congratulate you on

the splendid success of Newpa-

per Day in Los Angeles. I
thank you in the name of the

Salvation Army for the whole-

hearted assistance you have
given us during this campaign.Your words of commendation
have been much appreciated al-though, regardless of praise, we
have always followed the call of
duty as we saw it.Both at home and in France
during the grievous days of war
we have found from experiencethat the wider publicity our work
receives the greater the results
and the press have been a mostimportant factor in the success of
the day's drive, than that contrib-

uted by members of the Advertis-

ing Club, whose "flying squadron"
was organized for the campaign by
Harry Carroll, president of the club,

and advertising manager of the Broad-

way Department store. Mr. Carroll
was assisted by C. M. C. Raymond,
secretary. Great stacks of the Timesand Express were disposed of,
and the money turned into the Salva-tion Army added considerably to
the "weight" of the big drive.Ad club workers, who participated
in the drive included P. V. Edwards,
Clyde Freeman, S. R. Whiting, E. J.Singer, Lieut. E. Steele, A. T.

FOR SALVATION ARMY.HERALD AND EXAMINER TO
FOLLOW "NEWSPAPER DAY"
WITH BIG BENEFITS.A strong effort is being made this
week to build up the Salvation
Army home service fund. The cam-paign has not been as successful as
it should be, and this week the
newspapers of Los Angeles under-took to help. "Newspaper Day" for
the Times and Express, Wednesday,
added a substantial sum to the ex-act amount of which will not be known
until all the collections have been
made.The Examiner has arranged for a
ball game, this afternoon, at Wash-ington Park, between the Chicago
Cubs and the Angels. William Mc-Adoo will pitch the first ball and
Douglas Fairbanks will catch it.
Before the game there will be a
programme, in which some of the

world's greatest film stars will par-

ticipate. Tomorrow night the
Herald will stage a benefit performance,
at Trinity Auditorium, with an
all-star cast of performers. Lead-ing lights of filmdom, the sporting
world, music and dancing will par-

ticipate.

doughnut from Mrs. Woodward for

10¢ and the last one for 1¢. The

benefit dance held at the Dugout

last Saturday night, attended only

by soldiers, sailors and Dugout girls,

netted \$13.50. Last Saturday and

the following Tuesday the "soldier-

ettes" sold Dugout delicacies to citi-

zens of Los Angeles.

At the Sunday night meeting at

the Dugout addresses were made by

Gunner Dewey and Private Scott,
who told of their experiences in the
war zone. Tomorrow night there
will be another dance, Sunday after-

noon there will be open house to sol-

diers and sailors, and Sunday eve-

ning a musical and speaking pro-

gramme will be rendered.
